Our family wants to say THANK YOU to all the wonderful Sweetwater family and friends that made the Celebration of Life so grand for my husband, their father and their grandfather. The tribute to Rick was one that he would have enjoyed so much. The cards and gifts were all something to behold. Our Sweetwater friends and family gave Rick so much over the past few years and for that we are most grateful for each one of you.

Anita Love and Family

Our Sincere Condolences to the families of:

Thank You! We’re writing to express how happy we are as new residents in SWEETWATER. We moved from Michigan to Florida 17 years ago. We lived in what “was” a nearby “nice golf course” community until unfortunately over time, eroded and became dysfunctional and fragmented due to selfishness and disinterest.

We moved to 123 Victoria Drive on March 1st and are very pleased with the services, amenities and the friendly people.

To us SWEETWATER seems to epitomize the words “community” and “neighborhood” which we believe to be “a group of people living in the same place and having characteristics of common values, attitudes, interests and goals. “ Oh and having the attributes of old fashioned neighborly fellowship and respect of others is a great plus.

It is a joy to live in a community where residents take ownership and great pride in their properties and their community.

We see SWEETWATER as a microcosm of what all of AMERICA could be if the people would “just” put down their petty selfishness and do their part, work together, respect rules, be considerate of others and have the only the expectation be that others do likewise. Work and effort aimed at a common good, obviously produces nice results.

We know for a community to function this well, it takes a lot of dedication, pride, commitment and work by the volunteers, elected leaders and the business/service staffs. We thank all those people and our new neighbors who have made this a great place to live.

Proud to call SWEETWATER home.

Think you can beat the clock?

Do you trust your GPS or do you always assume you can get there just a little bit faster? Arriving to a birthday party a few minutes late isn’t usually a big deal, but overestimating your control as an investor can potentially lead to serious problems for you and your finances.

Many of us are guilty of overconfidence at one point or another. Say you check directions and see that it will take 17 minutes to get to your destination and think, “Okay, great. I can make it in 15.” Sound familiar?

We all have subconscious biases, but that doesn’t mean they need to get in the way of your financial success. As a financial advisor, I can help you set up guardrails against your own biases and give you the tools and education you need to manage your hard-earned wealth with confidence.

In addition to providing personalized financial guidance, I also serve as a knowledgeable resource and accountability partner for my clients, helping them to stay on track for their long-term goals.

How can I help you reach yours?
